

GOLD STATUS

WE ARE EXTREMELY PROUD
THAT **OUR HOSPITAL HAS
ACHIEVED GOLD STATUS** IN THE
2023 ESO ANGELS AWARDS.

The Angels initiative is building a global community of stroke centres and stroke ready hospitals, working every day to increase the number of patients treated in stroke ready hospitals and to optimise the quality of treatment for every stroke patient. Every 30 minutes a stroke patient who could have been saved, dies or is permanently disabled, because they were treated in the wrong hospital, and we want to make a positive change.

The ESO Angels Awards recognises high performing hospitals that have consistently recorded and provided data that will aid research and help identify points of improvement in the treatment of stroke patients.

Together, we are
GIVING *life*
A CHANCE.
