USER'S GUIDE TO RES-Q

RES-Q, one of the world's largest quality registries for stroke, is a partner of the Angels Awards programs for hospitals. It is now also the official evaluation portal for the EMS Angels Awards. In this technical guide we will show you how your EMS organization can join the RES-Q Platform and use it as a quality monitoring tool to optimize your prehospital stroke care.

HOW TO REGISTER IN RES-Q

Get started

1 Go to the RES-Q official website at qualityregistry.org and click on Join RES-Q.

RES-Q	About - Awards	Certification + Data Policies +	all Live Metrics Join RES-Q	Sign in
Welcom	e to the of	ficial websi	te of RES-Q	
798 432 25 	93 92	RES-Q Worldwide stroke care quality in Registry for collection of quality	nprovement platform and performance indicators	-

2 Select Emergency Medical Services and click on Create 'EMS' Account.

Hospital care Emergency Medical Services	

3 Under Organization Information, select your country and your organization from the dropdown menus.

Organization Information

Please select your country *	Select from list
Please select your organization *	Select an organization name
	My organization is not listed

If your organization is not listed in the dropdown

1 Click on My organization is not listed.

This will take you to a page where you can enter your organization and branch information.

Organization Information		
Please select your country *	Select from list	
Please select your organization *	Select an organization name	
	My organization is not listed	

2 Complete the Organization Information form by selecting your country, entering your organization name in English and your native language, and selecting organization type (**Public** or **Private**).

Organization Information		
Please select your country *	Select from list	
Organization name (English) *		
Organization name (Native) *		
Organization type *	O Public O Private	

3 Complete the New Organization Branch form by entering your branch name, city or region, postal code, street address and ambulance vehicle count.

New Organization Branch		
Branch name *	Region or area of country managed by organization	
City/Region *		
Postal Code *		
Street Address *		
Ambulance vehicle count *		

4 Indicate whether an air ambulance service is available by selecting Yes or No.

5 Under ambulance crew, select the options that apply to your organization.

Ambulance crew *	Emergency physician	
	Paramedic	
	Nurse	
	Driver	
	Ambulatory staff	

6 Enter the number of suspected stroke patients your organization transports per month.

Number of suspected stroke patients transported per month *	

7 Indicate whether a formal stroke protocol is followed by selecting Yes or No.

Is there a formalized stroke	
protocol followed? *	

8 Under stroke scale, select the scale used by your organization from the dropdown menu. If you do not use a stroke scale, or if the scale you use is not listed in the dropdown menu, please select **None** or **Other**.

Stroke scale *	Please choose 🗸	

9 If you are responsible for more than one branch, click on **Add another branch** and complete the forms as described above.

10 Complete the RES-Q EMS User Registration form by providing the user details.

RES-Q EMS User Registration		
User		
Speciality *	Please choose	
Academic degree		
First Name *		
Last Name *		
Email *		
Repeat email *		
Phone *	e.g. +420123456789	

11 Review and accept the RES-Q privacy notice and membership conditions and click on **Submit**.

🔽 l agr	ee with the <u>RES-Q Privacy notice</u>
🔽 l hav	e read and accepted the conditions for participation in RES-Q.
	Submit

If your organization is already listed in the dropdown

1 After selecting the country and the organization from the dropdown list, select the existing branch from the Existing Branches dropdown list and/or add a new branch.

Organization Information								
Please select your country *	Open Country -							
Please select your organization *	Private EMS organization							
	<u>My organization is not listed</u>							
Existing branches	North east regions							
	South islands							

- 2 To add a new branch, follow steps 3 to 9 above.
- 3 Now you can complete the RES-Q EMS User Registration form by providing the user details.

RES-Q EMS User Registration								
User								
Speciality *	Please choose 👻							
Academic degree								
First Name *								
Last Name *								
Email *								
Repeat email *								
Phone *	e.g. +420123456789							

4 Review and accept the RES-Q privacy notice and membership conditions and click on **Submit**.

What happens next

1 Once your details have been verified, you will receive an email with a link to set your password. The email will be sent by RES-Q from admin@qualityregistry.org and should reach you within two working days. Please remember to also check your spam folder.

RES-Q EMS User Registration							
User							
Speciality *	Please choose

First Name *							
Last Name *							
Email •							

2 Now you are all set to use the RES-Q platform to optimize your prehospital stroke care and participate in the EMS Angels Awards program.

HOW TO USE THE RES-Q EMS PORTAL

Once your organization is registered in RES-Q, follow the instructions below to capture your data and start using the RES-Q EMS Portal to optimize your prehospital stroke care and participate in the EMS Angels Awards.

Get started

1 Go to qualityregistry.org and click Sign In.

2 Enter your registered email address and password and click **Sign In**.

Username or email	
admin@qualityregistry.	org
Password	
	Forgot Password?
	Sign In

Enter your data

3 Click on the data collection tab at the top of the page.

and use Ctrl-C to copy

and Ctrl-V to paste your list of stroke-ready hospitals from your system or spreadsheet.

Notes.

- If you do not know which hospitals in your territory are stroke treating, ask your Angels consultant or local stroke society to help you compile a list.
- It's important for this list to be accurate and updated regularly as it is used to calculate the percentage of patients delivered to stroke treating hospitals.
- Hospital names in the stroke treating hospitals list must be exactly the same as those in your case-by-case data.
- 5 Copy and paste (Ctrl-C and Ctrl-V) the **raw case data for all suspected stroke cases** transported in the relevant quarter from your spreadsheet or system. You may use either the spreadsheet available from Angels, or your own spreadsheet, provided the **columns are arranged in the same sequence as in the RES-Q portal**.

10 Click on **Submit for award evaluation** so your EMS organization or branch can be considered to participate in the EMS Angels Award.

You must insert at least 30 patients to qualify for an award

Submit for Award evaluation

Notes.

- To replace or add data before the data entry deadline, you must make the changes/additions in your spreadsheet and copy and paste all the data as described in step 5 and click on Submit for award evaluation.
- The new data will override all previous data for the quarter.
- The data entry deadline is approximately 15 days after the end of each quarter.

11 After you submit your data, a table will display your **preliminary award status**.

Preliminary evaluation							
Criteria	Value	Evaluation					
average time on scene (minutes)	26.8	Platinum					
% of patients where medications details are reported	96.8%	Diamond					
% of patients where time last known normal is reported	100.0%	Diamond					
% prenotification to hospital	90.3%	Platinum					
% of patients delivered to Stroke Ready Hospitals	0.0%	None					
None							

What happens next

- 1 The EMS country coordinator will review and approve the data during the Awards approval process and adjust the award status if necessary with proper justification.
- 2 Awards results are published approximately 25 days after the end of each quarter. Deadlines for submission, approval and publication can be viewed on the Angels website or on the RES-Q website.
- 3 Your quarterly performance can be viewed by clicking on the **Dashboard** tab.

Click on the **Overview** tab to see all your previous performance records and awards status.

Overview

Data collection

Dashboard

Previous records

Quarter 🔻	Data Range	Final Award	Notes	No. of Patients	Median time on scene (Minutes)	Patient last known normal (%)	Medication detail reported (%)	Prenotification to hospital (%)	Patient in stroke ready hospital (%)
2024 Q2	04/01 - 06/30	Platinum	View Notes	53	22	100	92.5	100	94.3

Don't wait until the awards are announced to share the preliminary evaluation and individual metrics with your team. They contain valuable information to help you identify and target areas for improvement and get to work straightaway to improve outcomes for stroke patients.

If you need assistance or have any queries about using RES-Q, send an email to admin@qualityregistry.org.

Angels Initiative is a non-promotional, health care project of Boehringer Ingelheim International GmbH to support the ESO and WSO in implementing their main goal, to improve stroke care around the world.
